Subject: Animas River EC/SAR

Dan,

Pat Pfaltzgraff asked me to get in touch with you about EC/SAR on the Animas River. At this point, we have only done back of the envelop calculations and do not believe there is an issues with EC/SAR. We are expecting new data this afternoon and will take a closer look at EC/SAR. If you want to discuss, please give me a call or e-mail.

Thanks, Andrew
